PRESS RELEASE

SEATORQUE

The BOSS™
Bolt On Shaft System

SEATORQUE CONTROL SYSTEMS WINS COVETED GOVERNORS BUSINESS DIVERSIFICATION AWARD FOR INNOVATION LEADERSHIP

TALAHASSEE, FLORIDA. Seatorque, already the proud recipient of both the IBEX Innovation Award and the METS DAME Design Excellence Award, was honored last month by Florida Governor, Charlie Crist as recipient of the Governors Business Diversification Award for Innovation Leadership. Peter Stolper, President of SCS and Jana Stolper, Vice President accepted the awards.

“Your company was chosen to receive the award based on its demonstrated ingenuity, civic leadership, and significant contribution to diversifying and strengthening Florida’s economy” Governor, Charlie Crist.

Peter and Jana Stolper with Congressman Tom Rooney & Susan Valliere, Chairman of the Martin County Board of Commissioners

Seatorque was also recognized on the local level at the Martin County Business Appreciation Luncheon for its innovative technology and corporate leadership. The awards were hosted by Congressman Tom Rooney.

“Without companies like these, the country simply cannot survive.” He applauded their contributions to the local economy and encouraged partnership “at all levels” in order to cultivate prosperity in Martin County and across Florida.

Seatorque Control Systems, LLC is a Stuart, Florida-based manufacturer of propulsion systems for the marine industry. The main product line consists of the Seatorque Enclosed Shaft System **“The BOSS”**, and Seatrack Power Steering systems. The **BOSS**, is the only internationally acclaimed, inboard driveline alternative available for the marine industry. Several yacht and ship builders around the world specify the **BOSS** as standard. Seatorque equipment can be found on vessels up to 200ft in length, both power and sail, and is supported by a global distribution network. At present over 80% of sales are for export.
